**Asthma and Lung UK**

<https://www.blf.org.uk/taskforce>

*The Taskforce for Lung Health is a collaboration of organisations and individuals who have come together to improve the nation's lung health. It is made up of patients, health care professionals, the voluntary sector and professional associations. An Industries Forum, which works alongside the Taskforce, includes representatives from pharmaceutical, diagnostics, devices and digital industries.*

*The mission of the Taskforce is to prevent more people from developing lung disease, and to transform the care of people living with lung disease in the UK. It does this by promoting a strong voice and cohesive action.*

In 2021 Amgen Ltd (UK) provided £15,000 in sponsorship to support the Taskforce to campaign for the implementation of policy recommendations around lung health and to raise awareness of lung disease, its causes and effects.
